Hi Rachel,

If you already have the ARF in hand, go ahead and send it over, but I think we would probably not have enough time to review it, get it to both Commissioners, follow up on any questions from them, and still get it in the packet for January CAC.

Hi Rachel -- I understand that we made a prior commitment to allocate these funds, but we still have to run it by the D9 and D10 supervisors, since the request is for NTIP funds. We will do that ASAP to try to get it into the meeting cycle for February Board. Mike Pickford will keep you posted.

By the way, the ARF references a separate scope attachment -- could you send that please?

Steve, I forgot David had submitted this ARF for Hairball to me on 12/18. Is it too late to include it in this month's submission? I'm so sorry- I fell way behind on emails due to a cold, planned time off, AHSC grant applications, capital budget requests, and most recently the flu! I'm just catching back up with things now. I understand if it's not possible, but I wanted to check anyway since the PM will already be at CAC and TA Board for Alemany.
